## ACADEMIC CUSTOMS AND DRESS

The origins of many customs of the academic world are to be traced to the Middle Ages, particularly the eleventh and twelfth centuries when the first universities — Bologna, Paris and Oxford — were founded.

In their original organization, the universities were like medieval corporations or guilds. In fact the word ‘universitas’ originally referred to any kind of corporation. The students at the universities were equated to guild apprentices, and so the completion of this apprenticeship was celebrated by a ‘commencement’ marking the beginning of their careers.

In the twelfth century, everyone wore gowns. The social and economic status of an individual was shown by the extra features, such as fur trimming, on these gowns. Cloaks with hoods were worn over these gowns for protection in bad weather. Degrees began to be awarded in the thirteenth century, and different styles of gowns and different colors came to represent the various degrees and disciplines.

Over the centuries the styles of dress changed, and by the seventeenth century, the wearing of gowns by men had virtually ceased. But the universities, particularly those in Britain, continued to be conservative and strict in the matter of academic customs and dress. At Oxford, for instance, students could be fined for cutting class or for not taking notes, and candidates for the master’s degree had to swear that they owned a gown and would always wear it at the proper times!

The first American universities were founded on English models. However, the wearing of academic dress was not universal and ceased during the Civil War. The custom was revived in the late nineteenth century, and in 1895 an Academic Costume Code was adopted which, with modifications, is still used.

Most American universities have the standard black gown with the hood serving to distinguish the individual institutions. Some American and European universities have adopted or preserved more distinctive gowns. There are three styles of gowns, distinguished mainly by the sleeves: the bachelor’s gown, with long, pointed sleeves; the master’s, with a squared sleeve, cut so the forearm is free; the doctor’s, with bell-shaped sleeves with three velvet bands.

The hood is the really distinguishing feature of modern gowns, indicating the degree (the width of the edging band), the discipline (the color of the band) and the college or university (the colors of the lining). Today’s graduates have hoods edged in white (B.A., M.A.L.S.), gold (B.S., B.L.S.) or drab (M.B.A.). Many faculty members will have blue edging indicating the Ph.D. degree. The Faculty will be wearing hoods representing more than 80 institutions of higher education, e.g., navy blue and orange for the University of Virginia, orange and maroon for Virginia Polytechnic Institute and State University, cardinal and blue for the University of Pennsylvania.

## FACULTY EMERITI

Faculty members who have served Mary Washington College for at least 15 years and who have attained the rank of Professor or Associate Professor are eligible upon retirement for consideration for emeritus status. This honor, by action of the Board of Visitors, is bestowed this year upon three distinguished members of the faculty.

**MIRIAM J. GREENBERG, Associate Professor of Health and Physical Education.** During her 34½ years (including 31 summer sessions) at Mary Washington College, Professor Greenberg's emphasis remained in health education. For the first 16 years, Professor Greenberg was primarily involved in student teacher advising and preparation in health, elementary school education and other disciplines specifically for physical education majors. In addition to academic advising in other disciplines and teaching continuing education courses, Professor Greenberg was a faculty sponsor to student organizations and a swim team coach for eight years. She served as chair of the Department of Health, Physical Education, Dance and Recreation from 1970 to 1974.

**WILLIAM C. PINSCHMIDT, JR., Professor of Biological Sciences.** A member of the faculty for 36 years, Dr. Pinschmidt initiated and taught courses in invertebrate zoology, animal ecology, marine biology and marine ecology and served as chair of the Department of Biology from 1968 to 1971. He was an adviser for many years to Chi Beta Phi, scientific honorary fraternity, and the Mary Washington College Ecology Club. Dr. Pinschmidt was also a member of the graduate faculty and the Graduate Council. As a founder and president of the Fredericksburg Little Theater and the Fredericksburg Chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Professor Pinschmidt is a familiar figure in college and community theater and singing groups.

**GLEN R. THOMAS, Professor of American Studies.** After serving in the Marine Corps during World War II, Dr. Thomas practiced clinical psychology before joining the Mary Washington College faculty in 1962 to teach the history of psychology and developmental, abnormal and social psychology. During the sixties Professor Thomas conducted annual "fireside" seminars in the humanities and participated regularly in early liberal arts seminars. He returned to graduate school and earned his M.A. in English and doctorate in American Studies. Dr. Thomas established the American Studies program at Mary Washington College in 1970 and has directed it since that time. He assisted in planning and structuring the M.A.L.S. program and, for three years, taught the foundation course. In 1977 Dr. Thomas received the Grellet C. Simpson Award for excellence in undergraduate teaching.

## **ALMA MATER**

*All hail, dear Alma Mater,  
We sing our praise to you,  
High on Marye's Hilltop  
You stand forever true;  
Born in truth and honor  
You ever more shall be,  
The model of our future years  
And all eternity.*

*Whene'er we have to leave you  
We never will forget,  
The lessons you have taught us,  
And all the friends we've met;  
And we your sons and daughters  
Will hold your name on high,  
So here's to Mary Washington;  
Our love will never die.*
